

LOGISTICS

6 Months Program

3 Months E-Learning
3 Months Internship

AVODHA
Education for a Job

What is Logistics?

Logistics refers to the overall process of managing how resources are acquired, stored, and transported to their final destination. Logistics management involves identifying prospective distributors and suppliers and determining their effectiveness and accessibility. Logistics managers are referred to as logisticians.

Tutor Details

Mrs. Akhila Yasodharan is a M.Com post graduate, who delivered her potentials to be a strong strategic problem solver in search of a challenging role. She was an Accounting manager at Electree Energy Solutions, Thiruvalla for 2 years. Motivated logistic manager with plentiful experience in freight transportation and supply chain management. She can ensure smooth and cost-effective operations for the company.
